KABOOM!

CONCEIVED AND DESIGNED BY LARRY KAPLAN
FOR ONE OR TWO PLAYERS

Our charming "Mad Bomber" really doesn't mean any harm. It's just that he loves nothing better than to drop his bombs and watch them explode.

Only you can stop him. As he tosses his bombs, you race to douse their fuses with your buckets of water. The more bombs that splash in your buckets, the more points you score. But, the more points you score, the faster the bombs drop. Miss a bomb, and you'll learn how Kaboom! got its name. Here's a true test of stamina, reflexes and concentration—Kaboom!™ by Activision. Simply spellbinding!

All Activision video game cartridges are covered by Activision's limited one-year warranty. See details enclosed.
